 - b) noisier than snakes
 - c) stronger than elephants

7. Write 3 comparative sentences about animals and habitats:

Example:

Whales are bigger than dolphins.

- _____
- _____
- _____

8. Read the text and answer the questions:

Extreme Weather Around the World
Different places in the world have very different weather conditions. Antarctica is the coldest place on Earth because

temperatures can reach -89°C . The Sahara Desert is one of the hottest places in the world, and it is also one of the driest.

In India, the city of Mawsynram is considered the wettest place on Earth because it receives enormous amounts of rain every year. Meanwhile, Mount Washington in the United States is famous for having some of the strongest winds in the world.

Many scientists believe that climate change is causing more dangerous weather. Hurricanes are becoming stronger, summers are becoming hotter, and some winters are becoming the warmest in history.

- What is the coldest place on Earth?

- Is the Sahara Desert one of the wettest places in the world?

- Are hurricanes becoming weaker or stronger?

- What are scientists saying about climate change?

- Which place has the most extreme cold temperatures in the text?

9. Complete with the Correct Superlative Form:

- Antarctica is the _____ (cold) place on Earth.

- The Sahara Desert is one of the _____ (hot) places in the world.
